INVITATION TO SIGEP 2019

Come to Sigep 2019 and sample the first ice cream with no added sugar

We're really delighted to invite you to the **40th edition of Sigep**, the International Exhibition of Artisan Gelato, Pastry, Bakery and Coffee.

Galatea will be there from **19 to 23 January at Stand 200, Pavilion A3 of Rimini's exhibition centre** to present the world premiere of our new line of fillings and bases without added sugar.

As a longstanding leader in the sector, **our firm** provides a solution to the demands of **increasingly exacting consumers** who - for reasons of **health and wellbeing** - today seek products that are free from artificial and refined

sweeteners. **Galatea** has developed a **method of producing semi-finished products** using only the **sugars present in fruit**, which is used as the **main ingredient**.

Thanks to this new technique of sweetening based on **natural fibres**, we can offer a **range of innovative ingredients** which allow chefs to **drastically reduce the sugar levels** of their end products, without the need for artificial replacements.

What's more, at **Sigep** you'll have the opportunity to learn about and sample the entire range of Galatea products:

Libera, Bio, Vegan and **Golosa**, the line that's completely plant-based and gluten-free, as well as the flavours **Menta Piemontina** and **Spiruli**, their natural colours due entirely to their ingredients.

During the fair we will also present all the **opportunities for professional development** and **new techniques** designed specifically to give our partners new tools to **improve and increase business**.

So we look forward to seeing you and, in the meantime, we send you our warmest wishes.

From 19 al 23 January at Stand 200 Pavilion A3 of Rimini's
